

**Govt. Polytechnic , Jhajjar**  
**Department of Electronics and Communication Engineering**

**Vision**

**To be a Centre of Excellence in Electronics and communication Engineering to meet the needs of Industry and society.**

**Mission**

- **To equip students with strong foundation of basic sciences and domain knowledge of Electronics and Communication Engineering through conducive environment.**
- **To develop students for employability and entrepreneurial skills.**
- **Continuous up gradation of skills in latest trends of Electronics and Communication Engineering with Industrial Institute Interaction.**
- **To empower local community for ethical and sustainable growth.**

**Govt. Polytechnic , Jhajjar**  
**Department of Electronics and Communication Engineering**  
**Program Educational Objectives (PEOs)**

- To embed a strong foundation in engineering sciences with more emphasis to analysis and solve Technical problems.
- To inculcate Professional and Ethical attitude, Effective Communication Skill, Team work skills, Multi-disciplinary Approach, Entrepreneurial Thinking and ability to relate Electronics and Communication Engineering with social issues.
- To give adequate training exposure of emerging technology and opportunities in Electronics and Communication Engineering to enhance efficiency and productivity.
- To train the students for multi-disciplinary project and services for vertical career growth.

**Govt. Polytechnic , Jhajjar**  
**Department of Electronics and Communication**  
**Engineering**

**Program Specific Outcomes (P.S.O)**

- 1. The student will able to apply fundamental knowledge of Basic Sciences , Analog & Digital Electronics Domains , Instrumentation, Power Electronics , Industrial Automation for maintenance and operation of Electronics & Communication systems.**
- 2. Adaptability to function in multi - disciplinary work environment with good interpersonal skills, professional ethics & Social responsibility.**
